Dear Researcher:

Please answer the following questions using plain language:

1. Your name, telephone number, current position/place of employment:
2. What is the main goal of your study, and/or what is the main question you hope to answer with your study:
3. What will be the process for conducting your study:
4. What is the time frame for conducting the research:
5. Brief explanation identifying why you desire to use the PRP:
6. A description of the ways in which the research will benefit the community:
